Overtime is a method of determining a winner in an ice hockey game when the score is tied after regulation. The main methods of determining a winner in a tied game are the overtime period (commonly referred to as overtime), the shootout, or a combination of both. If league rules dictate a finite time in which overtime may be played, with no penalty shoot-out to follow, the game's winning team ...

A penalty in ice hockey is a punishment for an infringement of the rules. Most penalties are enforced by sending the offending player to a penalty box for a set number of minutes. During the penalty the player may not participate in play. Penalties are called and enforced by the referee, or in some cases, the linesman. The offending team may not replace the player on the ice (although there are ...
