The Search for the Perfect Language. The recovery of that language would, for theologians, express the nature of divinity, for cabbalists allow access to hidden knowledge and power, and for philosophers reveal the nature of truth. Versions of these ideas remained current in the Enlightenment, and have recently received fresh impetus in attempts...

A philosophical language is any constructed language that is constructed from first principles, like a logical language, but may entail a strong claim of absolute perfection or transcendent or even mystical truth rather than satisfaction of pragmatic goals. Philosophical languages were popular in Early Modern times, partly motivated by the goal of recovering the lost Adamic or Divine language.
