Vision. At its core, Team Tao's holds three main principles: minimal localised complexity, self-sustainability and scalability. We are departing from the commercially accepted approach of high value complex assets (AUVs) and want to redirect the market to use multiple, simple, low value assets which, when collaborating, form a complex and industry leading survey ecosystem.

The Tau Manifesto is dedicated to one of the most important numbers in mathematics, perhaps the most important: the circle constant relating the circumference of a circle to its linear dimension. For millennia, the circle has been considered the most perfect of shapes, and the circle constant captures the geometry of the circle in a single number.
