### **The Dogs And Wolves Irene**

The earliest dogs were wolves. We humans took them in, started hunting with them and eventually turned them into one of our most faithful pets while we were still hunters and gatherers. This is widely accepted in scientific circles. Exactly when the wolf was first domesticated, however, is a topic ...

Before dogs became pets, they were wild and lived by preying on animals big and small. Dogs would gather together to chase down an older, younger, or injured animal, grabbing the jugular vein or abdomen, resulting in a kill. All of the dogs would feed in turn, and bring some back to the pups at ...
