KIRKUS REVIEW. Narrator Thomas Corelli Sullivan is one of four stout friends and roommates in their last year at Princeton. Before his accidental death, Sullivan's father was himself obsessed by the headbusting puzzles built into the book by its anonymous author, and that obsession, nearly the ruin of his marriage, is now threatening Tom's.

THE RULE OF FOUR. This rare text (a real book) contains embedded codes revealing the location of a buried Roman treasure. Comparisons to The Da Vinci Code are inevitable, but Caldwell and Thomason's book is the more cerebral—and better written—of the two: think Dan Brown by way of Donna Tartt and Umberto Eco.

The Rule of Four is well-researched and quite well written, thus the four stars. But, after a couple hundred pages, this reader's interest began to wane, and I began to wish there were a global conspiracy, or more action, or hidden identities.

The Rule of Four is a fantastic book, well researched and well written. It is true that at some points in the story it appears to slow down or even stop, the authors are merely deepening their character development to enrich the plot. Those who dislike this book must be fans of fast-paced novels that do all the thinking for you.
