Any war fought between humans and an insectoid race, or any other clearly inhuman enemies. Generally, the battle is at some point in The Future.. Bugs make great enemies for a fictional war for precisely the same reason that Evil Overlords give their minions face-concealing helmets: The reader or viewer is more likely to empathize with an enemy who has readable facial expressions.

Chronicles of Darkness is a Tabletop RPG published by White Wolf. The setting is a world much like our own, albeit darker. Shadows run deeper, mysteries exist around every corner, and humans aren't at the top of the food chain. The Earth is shared with various supernatural creepy crawlies that prey on humans like cattle, kill them out of convenience, and use them as pawns in eternal conflicts.

I interpreted the "no one would get hurt" line as Vex thinking the attack on the city, where civilians were hurt, was not supposed to happen, regardless of what he expected Morando to do to the royal family. Responding to a verbal insult with physical violence (avenging one's honour) is different from spaceships gunning down fleeing non-combatants and collapsing buildings onto them ...

World of Darkness is the name given to three related but distinct fictional universes created as settings for supernatural horror themed role-playing games. The first was conceived by Mark Rein-Hagen, while the second was designed by several people at White Wolf Gaming Studio, which Rein-Hagen helped to found. The first two World of Darkness settings have been used for several horror-themed ...
