The Hundred Years' War was a series of conflicts waged from 1337 to 1453 by the House of Plantagenet, rulers of the Kingdom of England, against the French House of Valois, over the right to rule the Kingdom of France. Each side drew many allies into the war. It was one of the most notable conflicts of the Middle Ages, in which five generations of kings from two rival dynasties fought for the ...

Review. The 14th and 15th centuries saw considerable social change in Europe - change that was to an extent reflected in the art of warfare. The old feudal system was to decline greatly during this time as a falling population gave the commoners a stronger position, and much military service was commuted into money payments, while towns steadily grew in importance.

The Not-So-Wild, Wild West. In a thorough review of the "West was violent" literature, Bruce Benson (1998) discovered that many historians simply assume that violence was pervasive—even more so

than in modern-day America—and then theorize about its likely causes. In addition, some authors assume that the West was very violent and then assert, as Joe Franz does, that “American ...
