The Hockey Stick And Climate

An early attempt to refute the hockey stick graph appeared in a joint paper by Willie Soon, who had already argued that climate change was primarily due to solar variation, and Sallie Baliunas who had contested whether ozone depletion was due to man-made chemicals. The Soon and Baliunas literature review used data from previous papers to argue that the Medieval Warm Period had been warmer than ...

Apparently, Michael Mann is yet again attempting a repackaging of his hockey stick work. The question is, has he re-worked his methodologies to overcome the many statistical issues third parties have had with his work, or is this more like AirTran changing its name from ValuJet to escape association in people's mind with its 1996 plane crash?

Climate Skeptic: Temperature History

Street hockey is based on ice hockey, and the overall purpose is the same: to score more goals than your opponent by shooting the ball or puck into the opposing team's net using your stick. It is typically played on foot on some outdoor asphalt, cement or modular sport surface. The most popular balls of choice are orange "no bounce" plastic balls that are specifically made for street hockey, as ...
