The Maths — No Problem! Primary Series meets the core criteria for a high-quality textbook and is recommended by the DfE's expert panel for schools on the mastery programme.

### **Maths - No Problem!**

The Monty Hall problem is a brain teaser, in the form of a probability puzzle, loosely based on the American television game show Let's Make a Deal and named after its original host, Monty Hall. The problem was originally posed (and solved) in a letter by Steve Selvin to the American Statistician in 1975 (Selvin 1975a), (Selvin 1975b). It became famous as a question from a reader's letter quoted ...

The Economic problem –sometimes called basic or central economic problem – asserts that an economy's finite resources are insufficient to satisfy all human wants and needs. Economics involves the study of how to allocate resources in conditions of scarcity. However, viewing economics as the study of how society allocates resources can lead to conflation of normative economic planning and ...

About. The Problem of God is written by a skeptic who became a Christian and then a pastor, all while exploring answers to the most difficult questions raised against Christianity. Mark grew up in an atheistic home, and after his father's death, began a skeptical search for truth through exploring science, philosophy, and history, asking the big questions of life, and eventually finding ...
