UPDATE: Read our obituary for the late, great Stan Lee. Black Panther steps well beyond the Marvel formula, but that doesn't stop it from containing all the classic Marvel Cinematic Universe hallmarks: the trademark humor, post-credits scenes, and, of course, a cameo from the one-and-only Stan Lee. And this isn't just any Stan Lee cameo either - it may be his most self-aware appearance yet.

In physics thought experiments, a Boltzmann brain is a self-aware entity that arises due to extremely rare random fluctuations out of a state of thermodynamic equilibrium. For example, in a homogeneous Newtonian soup, theoretically by sheer chance all the atoms could bounce off and stick to one another in such a way as to assemble a functioning human brain (though this would, on average, take ...

The self is an individual person as the object of his or her own reflective consciousness. This reference is necessarily subjective, thus self is a reference by a subject to the same subject. The sense of having a self—or self-hood—should, however, not be confused with subjectivity itself. Ostensibly, there is a directness outward from the subject that refers inward, back to its 'self' (or ...
