The Invisible Line Three American

"The Invisible Line" shines light on one of the most important, but too often hidden, aspects of American history and culture. Sharfstein's narrative of three families negotiating America's punishing racial terrain is a must read for all who are interested in the construction of race in the United States."

Amazon.com: The Invisible Line: Three American Families ...

The Invisible Line is a fascinating study in race relations about a topic that I personally always felt was slightly taboo. Following three different families, all with very different backgrounds and all at different moments of crossing the racial line, the reader becomes immersed in the murky details of race through one of the most tumultuous periods in American history.

Daniel J. Sharfstein is an associate professor of law at Vanderbilt University and author of the book, The Invisible Line: Three American Families and the Secret Journey from Black to White. The Invisible Line: Three American Families and the Secret Journey from Black to White traces the experiences of three families beginning in the 17th century.

The Invisible Line Between Black and White | History ...

The Invisible Line: American families' journeys from black to white. Yet Vanderbilt Law School professor Daniel J. Sharfstein finds that African Americans have continually crossed the color line and assimilated into white communities from 17th century America through today. This actual journey has little to do with one's skin color and more to do with a society's willingness to look beyond race.
