Goethean science concerns the natural philosophy (German Naturphilosophie "philosophy of nature") of German writer Johann Wolfgang von Goethe. Although primarily known as a literary figure, Goethe did research in morphology, anatomy, and optics. He also developed a phenomenological approach to natural history, an alternative to Enlightenment natural science, which is still debated today among ...

Money is a way of measuring wealth but is not wealth in itself. A chest of gold coins or a fat wallet of bills is of no use whatsoever to a wrecked sailor alone on a raft. He needs real wealth, in the form of a fishing rod, a compass, an outboard motor with gas, and a female companion. But this ...

Plato was a philosopher during the 5th century BCE. He was a student of Socrates and later taught Aristotle. He founded the Academy, an academic program which many consider to be the first Western university. Plato wrote many philosophical texts—at least 25. He dedicated his life to learning and teaching and is hailed as one of the founders of Western philosophy.

For long-term success in school, business and life, learning HOW to think is far more important than learning WHAT to think.. Yet rather than serve as the core of any education worthy of a rational human being, we have relegated the teaching of logic, argument analysis and critical reasoning to specialty courses in universities that reach too few students, too late in their education.
