While I haven't read all 40,000 or so books on the Vietnam war, or the American war, as it is known in Vietnam, I would suggest this as one of the best overall accounts of the wars that Vietnam has had to deal with since the 1940s. I used it in a seminar on the Vietnam war era and my students found it very accessible, even for non-history majors.

Here, Young (History/NYU) offers an eloquent though polemical account of America's wars in Indochina. Young's premise is that "the United States invaded Vietnam against our stated values and ideals, that it did so secretly and deceptively, fighting a war of immense violence in order to impose its will on a sovereign nation." She supports this thesis forcefully, arguing that the Kennedy ...

The major weakness of the The Vietnam Wars 1945-1990 is one it shares with nearly all other books in English in the field, although it is less vulnerable than others to the following criticism: it is a history of Western involvement in Viet Nam. Its scope and perspective is Western, and primarily American.
