The Wizard of Menlo Park - crossword puzzle clue

Staffing. As his new laboratory began to rise on its foundations, Edison turned his attention to staffing it. His initial plan was to shift four of his primary researchers from the Lamp Factory lab to West Orange, including William K. L. Dickson, who would later become famous in conjunction with the development of motion pictures. Edison also intended to hire six young experimental assistants ...

From Menlo Park to West Orange - Year of Innovation

Edison began his career as an inventor in Newark, New Jersey, with the automatic repeater and his other improved telegraphic devices, but the invention that first gained him wider notice was the phonograph in 1877. This accomplishment was so unexpected by the public at large as to appear almost magical. Edison became known as "The Wizard of Menlo Park," New Jersey.

Thomas Edison - Wikipedia

The Edison Home in Menlo Park. When Edison moved to Menlo Park, he was married to Mary Stillwell and had two children, his daughter Marion and his infant son, Thomas Jr. Edison wanted to live near his new laboratory with his family and they moved into a three-story frame house that had previously been the office of the Menlo Park Land Co. a mere two blocks from his new workplace.
