The Essence Of Buddhism An

In philosophy, essence is the property or set of properties that make an entity or substance what it fundamentally is, and which it has by necessity, and without which it loses its identity. Essence is contrasted with accident: a property that the entity or substance has contingently, without which the substance can still retain its identity. The concept originates rigorously with Aristotle ...

The ideal of Theravada Buddhism is the arhat (Pali: arahant), or perfected saint, who attains enlightenment as a result of his own efforts. The role of the layman and monk are clearly differentiated by the Theravadins, who do not consider it possible to attain enlightenment while one is living the life of a layman. Theravadins profoundly revere the historical Buddha as a perfected master but do ...
