While a morning weight training workout can be an invigorating start to your day, some people prefer to pump iron in the evening. While your time restrictions and personal preference for the time of day you choose to lift weights might come into play when scheduling your workout, science actually points to the afternoon hours as the best time of day for a weightlifting session.

Mary, You hit the nail on the head with what you wrote. I started band in the 5th grade and stayed with it until I graduated high school. It was difficult at times to explain to my parents why I loved the marching band or even concert band when I would come home upset or in tears after a horrible practice or not winning a show.

Borrowings Borrowings are foreign words, which have entered at various times the vocabulary of English, without influencing its ulterior evolution as a language. Borrowing is a consequence of cultural contact between two language communities. Borrowing of words can go in both directions between the two languages in contact, but often there is an asymmetry, such that more words go from one side ...
