The coypu (from Spanish coipú, from Mapudungun koypu; Myocastor coypus), also known as the nutria, is a large, herbivorous, semiaquatic rodent. Classified for a long time as the only member of the family Myocastoridae, Myocastor is actually nested within Echimyidae, the family of the spiny rats. The coypu lives in burrows alongside stretches of water, and feeds on river plant stems.

A few weeks ago, a friend asked if I was going to continue with my podcast after the season on friendship, and I was very confused by the question, because I did continue: I'm currently in the middle of a season on serving by faith. Then it dawned on me that she'd probably been listening to By Faith directly on my website rather than a podcast platform, she'd missed the announcement that I'd no ...
