The nomads, within the realm of the human factions, tend to be the best hackers in the game. This allows them to use their opponent's weapons against themselves, protect their forces by hacking guided missiles, and prevent armies from using special rules to bring forces in that have not been deployed at the start of the game.

Karl Marx's theory of alienation describes the estrangement (Entfremdung) of people from aspects of their Gattungswesen ("species-essence") as a consequence of living in a society of stratified social classes. The alienation from the self is a consequence of being a mechanistic part of a social class, the condition of which estranges a person from their humanity.
