The Closing of the American Mind: How Higher Education Has Failed Democracy and Impoverished the Souls of Today's Students is a 1987 book by the philosopher Allan Bloom, in which the author criticizes the "openness" of relativism, in academia and society in general, as leading paradoxically to the great "closing" referenced in the book's title. In Bloom's view, "openness" and absolute ...

Now, keep in mind that this comma and period inside the quotation marks business is strictly American usage. The British don't do it that way. They are inclined to place commas and periods logically rather than conventionally, depending on whether the punctuation belongs to the quotation or to the sentence that contains the quotation, just as we do with question marks and exclamation points.
