Tinkers by Paul Harding. An old man lies dying. Confined to bed in his living room, he sees the walls around him begin to collapse, the windows come loose from their sashes, and the ceiling plaster fall off in great chunks, showering him with a lifetime of debris: newspaper clippings, old photographs, wool jackets, rusty tools, and the mangled ...

Tinkers by Paul Harding

Paul Harding's *Tinkers* is a profoundly moving meditation on death and time. I gave the book five stars and would rank it among the best of its kind. That's why I was particularly shocked, after finishing it, to see the overall rating of 3.3 among Goodreads users.

It will surprise few readers of *Tinkers*, a Pulitzer prize-winning first novel, that Paul Harding was a student of Marilynne Robinson, who won a Pulitzer for *Gilead* in 2005. Robinson swept us into ...

Tinkers by Paul Harding | Book review | Books | The Guardian

"Paul Harding's *Tinkers* is not just a novel—though it is a brilliant novel. It's an instruction manual on how to look at nearly everything. Harding takes the back off to show you the miraculous ticking of the natural world, the world of clocks, generations of family, an epileptic brain, the human soul.

Paul Harding on His Decade after 'Tinkers' Won the Pulitzer

Tinkers is a skillfully written novel. It succeeds in demonstrating that our daily, microcosmic lives contain vastness and fantasy. This book offers its reader a meditation on the private geography of the mind and, through Harding's characters, a glimpse of our own efforts to piece together the broken and mismatched elements of human relationships and existence.
