Community Reviews. In The Real Wealth of Nations, Riane Eisler contrasts the way that modern economics is tallied with the bigger picture that is often ignored. In the real world, paid labor is supported by the unpaid labor of cooking, cleaning, and caretaking. Under all of this is the unpaid and unaccounted contribution of natural capital.

Description. Like her classic, The Chalice and the Blade, The Real Wealth of Nations is a bold and insightful look at how to create a world in which everyone can achieve the full measure of their humanity. "The Real Wealth of Nations gives us a template for the better world we have been so urgently seeking . . .

### **The Real Wealth of Nations: Creating a Caring Economics ...**

The Real Wealth of Nations: Creating a Caring Economics by Riane Eisler. Eisler exposes the economic double standard that devalues anything stereotypically associated with women and femininity, and shows how this distorts not only a society's values but individual's lives as well.

### **The Real Wealth of Nations: Creating a Caring Economics ...**

The real wealth of nations. For far too long, how well countries were doing was assessed according to the material wealth their economies produced and not how their people were doing. Offering a different approach, Sen introduced the idea of capability in the late 1970s. He proposed it as an alternative to utility,...

### **The real wealth of nations - Sustainable Goals**

The Real Wealth of Nations tackles the dismal science of economics and proves conclusively that it deserves that description. Eisler wrestles conventional "wisdom" to the ground, challenging the assumptions that have supported the practice of business and economic policy for the last two centuries, since Adam Smith's original Wealth of Nations. In contrast, Eisler prescribes a "caring economics" that assumes the obvious: people really matter.

### **The Real Wealth of Nations by Riane Eisler | Review: The ...**

About The Real Wealth of Nations. Adam Smith's The Wealth of Nations provided the first, most influential and lasting explanation of the workings of modern economics. But with his focus on "the market" as the best mechanism for producing and distributing the necessities of life, Smith's concepts only told part of the story, leading to flawed economic models that devalue activities that fall ...
