Coin flipping, coin tossing, or heads or tails is the practice of throwing a coin in the air and checking which side is showing when it lands, in order to choose between two alternatives, sometimes used to resolve a dispute between two parties. It is a form of sortition which inherently has two possible outcomes. The party who calls the side wins.

### **Coin flipping - Wikipedia**

The obverse side varies from state to state, with each member allowed to choose its own design. Each of the eight coins can have the same design (such as Irish coins), or can vary from coin to coin (such as Italian coins). In monarchies, the national side usually features a portrait of the country's monarch, often in a design carried over from the former currency (e.g. Belgian coins).
