As is typical for many languages, full conditional sentences in English consist of a condition clause or protasis specifying a condition or hypothesis, and a consequence clause or apodosis specifying what follows from that condition. The condition clause is a dependent clause, most commonly headed by the conjunction if, while the consequence is contained in the main clause of the sentence.

English conditional sentences - Wikipedia

An inversion table is one of the best and most effective, low cost and drug free ways to relieve back and neck pain. If you have your own inversion table you can relieve your back pain at any time of day, whether at home or in the office – yes! some people really do have an inversion table in their office.

Brexit is the June 23, 2016, referendum where the United Kingdom voted to leave the European Union. The residents decided that the benefits of belonging to the unified monetary body no longer outweighed the costs of free movement of immigration.. Brexit is the nickname for "British exit" from the EU.

Brexit: Its Consequences for the U.K., EU, and U.S.

Inversion is a way of reversing the usual or expected word order to bring emphasis to a sentence, to make it more negative, to make it stronger, more dramatic. Compare these two sentences: I have never seen such a large cat! Never have I seen such a large cat! You can see the effect of inverting the subject/verb and bringing the frequency adverb to the start of the sentence.
