Babylon 5 (1993–1998), created by J. Michael Straczynski, is a science fiction television epic about Babylon 5, an Earth-governed space station built to promote harmony between interstellar civilizations. It is unusual in its focus on a story arc which dominates the events through its five-year run.

All through 2012 and into 2013 I kept a list of the books I hoped to write about for Bubba's Book Club. (The key word was "hoped.") Unlike most book reviewers, I have the luxury of choosing to read only books that I expect to enjoy — whether on the strength of a good review, a friend's recommendation, or a taste for the author's previous work.
