The Great Transformation is a book by Karl Polanyi, a Hungarian-American political economist. First published in 1944 by Farrar & Rinehart, it deals with the social and political upheavals that took place in England during the rise of the market economy. Polanyi contends that the modern market economy and the modern nation-state should be understood not as discrete elements but as the single ...

In part because religion was separated from the control of political leaders, a series of religious revivals swept the United States from the 1790s and into the 1830s that transformed the religious landscape of the country. Known today as the Second Great Awakening, this spiritual resurgence fundamentally altered the character of American religion. At the start of the Revolution the largest ...

Divisions persist, but the Bible teaches that God created us to live in community and that Jesus came to reconcile us to God and one another. To help us move through division toward community, we asked a United Methodist pastor, the Rev. W. Craig Gilliam, for techniques and tips about how to begin a process of healing and find peace. Gilliam is an expert on conflict transformation in the church.

In November 1933, less than a year after Hitler assumed power in Berlin, a 47-year-old socialist writer on Vienna's leading economics weekly was advised by his publisher that it was too risky to keep him on the staff. It would be best both for the Österreichische Volkswirt and his own safety if Karl Polanyi left the magazine. Thus began a circuitous odyssey via London, Oxford,
