The Opposite Of Wild Clover

Red Clover Research, Studies and Facts. Red clover (*Trifolium pratense* L.) is a plant in the Fabaceae botanical family that's used to make an herbal supplement that has immune-boosting and positive hormonal effects, especially for women. The red clover plant actually belongs to the legume plant family (just like peanuts and beans), which is why animals often graze on it in the wild.

Concept and creation. Tom McGrath explained in an interview that the intention of *Madagascar* was not to take a political stance on whether "zoos are bad and the wild is better, or that the wild is bad," but to show "the most extreme 'fish out of water' story that [they] could do". McGrath stated "the basic irony to the story is that, you think animals do belong in the wild, but if they're so ...

Yep sounds like it runs rich. maybe some d/a drilled out the main jet or you have a other than factory carb. The only adjust on the carb is a small almost useless adjustment on the idle jet pilot screw of about 1/4 of a turn. since the engine doesn't really idle I find this adjustment most useless but in your case turn it all they way to the left, it may help some.
