### **The Fatal Conceit Errors Of**

In modern literary criticism, more common with genre fiction, conceit often means an extended rhetorical device, summed up in a short phrase, that refers to a situation which either does not exist, or exists rarely, but is needed for the plot. "Faster than light travel" and "superior alien science" are examples from science fiction; the "hardboiled private gumshoe" is an example from detective ...

Spontaneous order, also named self-organization in the hard sciences, is the spontaneous emergence of order out of seeming chaos. It is a process in social networks including economics, though the term "self-organization" is more often used for physical changes and biological processes, while "spontaneous order" is typically used to describe the emergence of various kinds of social orders from ...

Agathos (ἀγαθός): good, or a proper object of desire. Epictetus upholds the classic Stoic position when he says that the good (and evil) are only to be found in us, in our prohairesis, not in external things (Discourses 2.16.1), and when he says, "God laid down this law, saying: if you want some good, get it from yourself" (1.29.4). ). "Protect your own good in all that you do

Next to all the matters which have preceded in the natural order of legislation will come suits of law. Of suits those which relate to agriculture have been already described, but the more important have not been described. Having mentioned them severally under their usual names, we will proceed to say what punishments are to be inflicted for each offence, and who are to be the judges of them.

### **The Internet Classics Archive | Laws by Plato**

the term russet-pated being applicable to the jackdaw, but not to the real chough. In "1 Henry IV." (v. 1), Prince Henry calls Falstaff chewet—"Peace, chewet, peace"—in allusion no doubt to the chough or jackdaw, for common birds have always had a variety of names. 3 Such an appellation would be a proper reproach to Falstaff, for his meddling and impertinent talk.
