The Status Syndrome How Social

Social status is the relative level of respect, honor, assumed competence, and deference accorded to people, groups, and organizations in a society. Some writers have also referred to a socially valued role or category a person occupies as a "status" (e.g., gender, race, having a criminal conviction, etc.). Status is based in beliefs about who members of a society believe holds comparatively ...

Social status - Wikipedia

A status symbol is a perceived visible, external denotation of one's social position and perceived indicator of economic or social status. Many luxury goods are often considered status symbols. Status symbol is also a sociological term – as part of social and sociological symbolic interactionism – relating to how individuals and groups interact and interpret various cultural symbols.

Status symbol - Wikipedia
