Family-owned and operated, Sage Oak was founded to fill a need in personal home care for seniors. Our homes are located in some of the best residential neighborhoods in central Dallas, allowing residents to feel like they are at home, especially when compared with some of the larger facilities, which to many residents can feel more like a hospital or an institution.

Solid wood is a term most commonly used to distinguish between ordinary lumber and engineered wood, but it also refers to structures that do not have hollow spaces. Engineered wood products are manufactured by binding together wood strands, fibers, or veneers with adhesives to form a composite material. Engineered wood includes plywood, oriented strand board (OSB) and fiberboard.

Preservation Kristine slowly described this phenomenon bit by bit. She started by explaining this process and spoke about tissue decay that this starts with the putrefying process when microbes eat the tissue soon after death. "They grow, they reproduce, and they start taking over the body," she explained. She gave an even more sensible explanation [...]

Boater and Kaweah News Updated Sat, Apr 23, 2016 03-21-2017 The Message of the Day has replaced the Boater News section for the most part because it is easier to update. Probably about time to move some of the below news into the News Archive. 03-21-2017 The webcam that was watching the river from Feb 7th until Feb 20th has been removed. It may or may not get permanently installed in the future.

### **The Kaweah River Page**

Basing my best guess off of this calendar of operations from their website: Jan 1, 2017 falls on a Sunday. They are open almost every Sunday with only a couple exceptions (like Christmas).

The Discovery. By most accounts, the story of Oak Island's Money Pit begins in the summer of 1795 when a teenager named Daniel McGinnis saw strange lights on an island offshore from his parent's house. According to author Lee Lamb, upon investigating the island for the source of the lights, McGinnis noticed a peculiar circular depression approximately 13 feet in diameter on the island's ...
