Department of Transportation. This manual establishes the CADD standards using US Customary Units (English) and covers many of the resource files needed to complete a project within the Caltrans' right of way.

CADD Users Manual - California Department of Transportation

Description - Recently, ODOT's GIS Crash Analysis Tool (GCAT) transitioned into ODOT TIMS (Transportation Information Mapping System). While the concept has remained the same in searching for crash data, the training will cover the new functionality. GCAT is an easy-to-use tool that provides a convenient way for qualified agencies to search statewide crash data.
