The Perception Deception Part One

Deception is an act or statement which misleads, hides the truth, or promotes a belief, concept, or idea that is not true. It is often done for personal gain or advantage. Deception can involve dissimulation, propaganda, and sleight of hand, as well as distraction, camouflage, or concealment. There is also self-deception, as in bad faith. It can also be called, with varying subjective ...

Deception - Wikipedia

An ability check tests a character's or monster's innate talent and training in an effort to overcome a challenge. The GM calls for an ability check when a character or monster attempts an action (other than an attack) that has a chance of failure. When the outcome is uncertain, the dice determine the results.

Ability Scores - 5th Edition SRD

History. The phrase "perception management" has often functioned as a euphemism for "an aspect of information warfare." A scholar in the field notes a distinction between "perception management" and public diplomacy, which "does not, as a rule, involve falsehood and deception, whereas these are important ingredients of perception management; the purpose is to get the other side to believe what ...

Perception management - Wikipedia

We don't just have NGOs; we have an actual NGO complex which is controlled by the New World Order and is part of their psychological operations and perception management department.

Perception management - definition of perception ...

The purpose of this inquiry is to define self-deception, its potential, its functions, and the range of strategies that are employed in avoiding or distorting information that conflicts with self-perception. In doing so, we attempt a phenomenology of self-deception. Given the inherent paradox of the subject matter—the possibility that anything we bring to bear based on our own experiences might ...

ESP or extrasensory perception is perception occurring independently of sight, hearing, or other sensory processes. People who have extrasensory perception are said to be psychic. Some think that everyone has ESP; others think it is a talent that only special folks have. Some think that animals (see ...

ESP - extrasensory perception - The Skeptic's Dictionary ...

Extra-sensory perception (ESP), often referred to as "sixth sense," is defined in parapsychology as the ability to acquire information by paranormal means. ESP is not dependent on the known physical senses, nor on deduction from previous experience. Information can be about present, future, or past events, objects, or people.

Extra-sensory perception - New World Encyclopedia

It is a fundamental mistake to see the enemy as a set of targets. The enemy in war is a group of people. Some of them will have to be killed. Others will have to be captured or driven into hiding.

influence operations ops, propaganda, deception ...

Interesting article. One question for you. In making compost for the soil, if there was a farmer who was using raw horse manure fresh from a stable where the stable owners admit that things like antibiotics are used on the horses to combine with wood chips from landscapers who could not tell if the materials come from owners who sprayed their plants with herbicides or pesticides, would you ...
