Shawn Achor is one of the world's leading experts on happiness, success, and potential. His research has graced the cover of Harvard Business Review, and his TED Talk is one of the most popular of all time, with more than 15 million views. Shawn spent twelve years at Harvard before bringing this research to nearly half the Fortune 100, as well as places like the Pentagon, impoverished schools ...

The Happiness Advantage: How a Positive Brain Fuels ...

Addiction is a complex but treatable disease that affects brain function and behavior. Drugs of abuse alter the brain's structure and function, resulting in changes that persist long after drug use has ceased. This may explain why drug abusers are at risk for relapse even after long periods of abstinence and despite the potentially devastating consequences.
