Etymology. The name Haiti (or Hayti) comes from the indigenous Taíno language which was the native name given to the entire island of Hispaniola to mean, "land of high mountains." The h is silent in French and the ï in Haïti has a diacritical mark used to show that the second vowel is pronounced separately, as in the word naïve. In English, this rule for the pronunciation is often ...

Mask - Theatrical uses: Masks have been used almost universally to represent characters in theatrical performances. Theatrical performances are a visual literature of a transient, momentary kind. It is most impressive because it can be seen as a reality; it expends itself by its very revelation. The mask participates as a more enduring element, since its form is physical.

Structural violence refers to systematic ways in which social structures harm or otherwise disadvantage individuals. Structural violence is subtle, often invisible, and often has no one specific person who can (or will) be held responsible (in contrast to behavioral violence). I also hold that behavioral violence and structural violence can intertwine — some of the easiest examples of ...
