The Brain And Inner World

Realize your inner power. Leveraging neuroscience from the west and ancient wisdom from the east, Total Brain helps you understand and train all brain capacities so that you can realize your inner power.

Total Brain - Realize your inner power

"I felt a funeral in my brain" traces the speaker's descent into madness. It is a terrifying poem for both the speaker and the reader. The speaker experiences the loss of self in the chaos of the unconscious, and the reader experiences the speaker's descending madness and the horror most of us feel about going crazy.

I felt a funeral in my brain - City University of New York

Neil Burgess How your brain tells you where you are How do you remember where you parked your car? How do you know if you're moving in the right direction? Neuroscientist Neil Burgess studies the neural mechanisms that map the space around us, and how they link to memory and imagination.

How does my brain work? | TED Talks

TED Talk Subtitles and Transcript: Right now, billions of neurons in your brain are working together to generate a conscious experience -- and not just any conscious experience, your experience of the world around you and of yourself within it. How does this happen? According to neuroscientist Anil Seth, we're all hallucinating all the time; when we agree about our hallucinations, we call it ...

Anil Seth: Your brain hallucinates your conscious reality ...
