The Social Animal Elliot Aronson

Elliot Aronson's primary research is in the area of social influence. Throughout his career he has sought to do experiments that would integrate his passion about basic science with his desire to apply those research findings toward improving the human condition (e.g., to reduce prejudice, deter bullying, and convince people to conserve energy and other natural resources).

Elliot Aronson

Elliot Aronson, Ph.D., is best known for his research on cognitive dissonance and the jigsaw classroom. From his widely-used textbook, *The Social Animal*: "Elliot Aronson's standing as one of the world's most distinguished and versatile social psychologists is reflected in the wide variety of national and international awards he has received for his teaching, for his scientific research ...
