The Origins Of Modern World

Ideal for introductory surveys of world history. (Edward L. Farmer, University of Minnesota) Always the favorite when it comes to incisive world history agenda-setting, The Origins of the Modern World has a fully developed overview, one that is big on humans and the history of the environment and encourages critical thinking on a global scale.

origins of the modern world Flashcards | Quizlet

This clearly written and engrossing book presents a global narrative of the origins of the modern world from 1400 to the present. Unlike most studies, which assume that the "rise of the West" is the story of the coming of the modern world, this history, drawing upon new scholarship on Asia, Africa, and the New World, constructs a story in which those parts of the world play major roles.
