"Life is not complex. We are complex. Life is simple, and the simple thing is the right thing." -- Oscar Wilde Simplicity is sometimes elusive, but almost always present. Sometimes you just need to know where to look for it, or how to look for it. Luckily, the sages of the ages have shared lots of thoughts on simplicity in the form of quotes that we can borrow and build on.

BOOK I. I MEAN to inquire if, in the civil order, there can be any sure and legitimate rule of administration, men being taken as they are and laws as they might be. In this inquiry I shall endeavour always to unite what right sanctions with what is prescribed by interest, in order that justice and utility may in no case be divided.

As Allan Odden writes, our failure to improve schools isn't because we lack funding or know-how. What we lack are the "will and persistence" to maintain a focus on the best practices that we already know but that are grossly underutilized (Odden, 2009, p. 22). As Jim Collins writes, the key to success is not innovation; it is a combination of "simplicity and diligence" applied with fierce ...
