Alan Cooper and the Goal Directed Design Process A great introduction to the work and thinking of Alan Cooper – specifically, the approach to the user centered design process championed by him in his books (The Inmates Are Running The Asylum & About Face: The Essentials Of Interaction Design).

### **Alan Cooper and the Goal Directed Design Process**

Sequence of interdependent and linked procedures which, at every stage, consume one or more resources (employee time, energy, machines, money) to convert inputs (data, material, parts, etc.) into outputs. These outputs then serve as inputs for the next stage until a known goal or end result is reached.

Purpose vs Goal. Purpose and goal are almost similar and one could hardly come across any difference between the two at one glance. Purpose and goal are interlinked, which makes it hard to make out a difference between the two. One of the main differences that can be seen between the two is in the time factor.
