Recent Examples on the Web. The ring around — from a plastic soda pop bottle — slid easily off the exhausted stork's beak, Tanwar said. — Annie Gowen, Washington Post, "A photo of an Indian bird with its beak shut by a plastic ring went viral. Now he's been rescued.," 13 June 2018 The finding also offers insights into what Ichthyornis's beak might have looked like.

Beak | Definition of Beak by Merriam-Webster

Peter Raymond Grant, FRS, FRSC, and Barbara Rosemary Grant, FRS, FRSC, are a British couple who are evolutionary biologists at Princeton University. Each currently holds the position of emeritus professor. They are known for their work with Darwin's finches on Daphne Major, one of the Galápagos Islands. Since 1973, the Grants have spent six months of every year capturing, tagging, and taking ...

Basic facts about finches (e.g. life span, daily requirements, etc.), finch selection, where to buy finches, catching and handling, quarantine procedures, introducing new birds, suggested supply list, housing and feeding, how to tell if your finch is sick, and dangerous items to avoid.

General Finch Topics

Galápagos Finches on Daphne Major. There are 14 different types of Galápagos Finches in the Galápagos. The small island Daphne Major contains populations of several kinds of these finches:

The Galápagos Finches: Galápagos Finches on Daphne Major

Darwin's finches (also known as the Galápagos finches) are a group of about fifteen species of passerine birds. They are well known for their remarkable diversity in beak form and function. They are often classified as the subfamily Geospizinae or tribe Geospizini. They belong to the tanager family and are not closely related to the true finches. The closest known relative of the Galápagos ...

Other common names Lady Gould, Gouldian, Gouldian Finch, Rainbow Finch, Rainbow Bird, Gouldies, Wondrous Finch, Gouldian Grassfinch, Purple-breasted Finch, Purple-chested Finch, Desert Parrotfinch, sometimes incorrectly called Painted Finch (actually refers to *Emblema pictum*) Origin

Lady Gouldian Finch - Chloebia gouldiae or Erythrura gouldiae

"Finch" is a loose term to describe one of many (hundreds!) of small passerine birds. The finch

species most commonly kept as pets come from the Estrildidae family of finches, like the zebra finch Gouldian finch, owl finch and society finch.

Finch Personality, Food & Care - Pet Birds by Lafeber Co.

The Purple Finch is the bird that Roger Tory Peterson famously described as a “sparrow dipped in raspberry juice.” For many of us, they’re irregular winter visitors to our feeders, although these chunky, big-beaked finches do breed in northern North America and the West Coast. Separating them from House Finches requires a careful look, but the reward is a delicately colored, cleaner ...

Purple Finch Overview, All About Birds, Cornell Lab of ...

Adaptable, colorful, and cheery-voiced, House Finches are common from coast to coast today, familiar visitors to backyard feeders. Native to the Southwest, they are recent arrivals in the East. New York pet shop owners, who had been selling the finches illegally, released their birds in 1940 to escape prosecution; the finches survived, and began to colonize the New York suburbs.

House Finch | Audubon Field Guide

Having a quality finch feeder is a cornerstone of any successful bird feeding station. That’s because finches are some of the most colorful, active, and entertaining birds to observe in your backyard!
