1. Wish, desire, want indicate a longing for something. To wish is to feel an impulse toward attainment or possession of something; the strength of the feeling may be of greater or lesser intensity: I wish I could go home. Desire, a more formal word, suggests a strong wish: They desire a new regime. Want, usually colloquial in use, suggests a feeling of lack or need that imperatively demands ...

Near-future space science fiction almost by definition has the same shared background of a large human presence in space. Practically no SF stories are about the deep space adventures of an automated space probe, they are mostly about astronauts (with or without the Right Stuff) traveling to other planets and doing things. This got started in the early 1940's, since back in that innocent age ...
