Two climate developments this week could prove to be significant. First, USEPA Administrator Andrew Wheeler implied that there might be a larger review of climate science. Second, Sanjeev Sabhlok published an opinion piece in the Times of India arguing that climate science was not really a science as yet and should not be used to make policy decisions based on it.

While it was that way for the master it was a little different for the servant. I assumed the identity of my brother in law Manjunath (my sister in laws husband) who had passed away on the 30 th of April this year. The way they were trying to get the info was quite interesting and not a very good example of cold reading.
