APPLY | meaning in the Cambridge English Dictionary

Happiness, life satisfaction, fulfillment and meaning in life Can science tell us anything about the meaning of life, or how to find happiness? There's been a surge of interest recently among some research psychologists in "positive psychology" - not just finding out what's wrong with people but what's right with them.

Meaning and Happiness.com

In the philosophy of language, the nature of meaning, its definition, elements, and types, was discussed by philosophers Aristotle, Augustine, and Aquinas. According to them "meaning is a relationship between two sorts of things: signs and the kinds of things they mean (intend, express or signify)". One term in the relationship of meaning necessarily causes something else to come to the mind.
