Why This Essay I've had a lot of interesting experiences in my life.Among these are experiences of

God. I've had the experience of just knowing that Jesus is right beside me in times of great trials. I've heard that still, small voice advising me about matters spiritual. I've had dreams that were convincingly real, featuring dead relatives, explaining convincingly that the spiritual path I was ...

Artificial intelligence has close connections with philosophy because both share several concepts and these include intelligence, action, consciousness, epistemology, and even free will. Furthermore, the technology is concerned with the creation of artificial animals or artificial people (or, at least, artificial creatures) so the discipline is of considerable interest to philosophers.
