The Theory Of Everything Kari

"The Theory of Everything" has established Luna as a wizard of YA sci-fi and fantasy. I'm hoping her next novel either takes Sophie further into other spatial-dimensions (maybe into the shaman Panda high council lair itself), or at least continues with the idea that magic and science both mix well for young and old imaginations alike.

Amazon.com: The Theory of Everything (9780399256264): Kari ...

Theory of Everything is a delightful look into the soul and what it means to love and be loved. Fresh and original, this debut puts Kari Luna solidly on the map, reminding us that a book doesn't need to have death and violence to be a damn good story. Sophie is an unusual girl, and she's had an unusual life.

The Theory Of Everything By Kari Luna - gilliamrealestate.com

A theory of everything (TOE or ToE), final theory, ultimate theory, or master theory is a hypothetical single, all-encompassing, coherent theoretical framework of physics that fully explains and links together all physical aspects of the universe.

Theory of everything - Wikipedia

The Theory Of Everything was one of those books that I really hadn't heard that much about, I was definitely curious to say the least especially when I saw the part about shaman panda. This book has so many genre's mixed in and it definitely felt different from most YA books that I have read.
