A natural building involves a range of building systems and materials that place major emphasis on sustainability. Ways of achieving sustainability through natural building focus on durability and the use of minimally processed, plentiful or renewable resources, as well as those that, while recycled or salvaged, produce healthy living environments and maintain indoor air quality.

5 - Train, Don't Strain. Arthur Saxon in 1905: "To try to work like a machine, knowing that ever at one's side stands the bugbear of training, ready to weaken one's resources through over-work, and bring about a breakdown, is the height of folly. Nature has given one an instinct which will make heard, with warning notes, the danger signal when over-fatigue threatens, and this signal should ...

Last month for the \$100 Room Challenge we restyled Kristen's Laundry room with only a budget of \$100 (like the title suggests). At the beginning of the month, we came up with the laundry room design, but couldn't think what to do for the utility sink. We knew we just had to cover up that ugly little thing but didn't know how! Here is the story of how we created this stylish surround for ...

TED Talk Subtitles and Transcript: There's a creeping sameness in many of our newest urban buildings and streetscapes, says architect Vishaan Chakrabarti. And this physical homogeneity -- the result of regulations, mass production, safety issues and cost considerations, among other factors -- has blanketed our planet in a social and psychological homogeneity, too.

At 1st level, a druid forms a bond with nature. This bond can take one of two forms. The first is a close tie to the natural world, granting the druid one of the following cleric domains: Air, Animal, Earth, Fire, Plant, Water, or Weather. Druids also have access to a set of Animal and Terrain Domains. When determining the powers and bonus spells granted by this domain, the druid's effective ...

The language begins with patterns that define towns and communities. These patterns can never be designed or built in one fell swoop - but patient piecemeal growth, designed in such a way that every individual act is always helping to create or generate these larger global patterns, will, slowly and surely, over the years, make a community that has these global patterns in it.

Judgement of Paris : The causes of the Trojan War actually began before the Greek hero Achilles was born. The two powerful gods, Zeus and Poseidon try to forced sea-goddess Thetis to lay with them. Themis or Prometheus warned the gods that any son Thetis borne would become greater than his father, and in Zeus' case, would probably one day rule Olympus. . That really dampened both gods' amorous ...
