The Shift Future Of Work

The Talent Shift, the latest study in Korn Ferry's Future of Work series, shows leaders lack awareness of their people problems, and—more importantly—that they're ill-prepared to transform their approach to talent. If companies can't buy the talent they need from the market, they must find alternative ways of filling critical roles.

The Talent Shift - Korn Ferry Future of work

Much work remains, however, to adequately shift the public narrative and policy priorities to be more inclusive of women. Diversify the experts who drive the public discussion. Currently, men dominate the experts, authors, policymakers and journalists who shape the public narrative on the future of work.

Four Futures for Work in America. This was originally posted on LinkedIn for the Milken Institute Global Conference. It is based on the soon-to-be-released findings of Shift: The Commission on Work, Workers, and Technology, a joint project of New America and Bloomberg to understand the future of work.

Shift

I am convinced that the way we put our people to work and the talent companies' need demands a radical overhaul. Just over a year ago, Cognizant's Work Ahead research discovered a generation of leaders finding the digital shift difficult and under pressure. We found an executive class literally uncertain what to do, and how to do it.

Workforce Tensions During the Shift to Digital | Future of ...

This is How the Future of Work-Life Balance Will Look Like ... Balance will be defined by the energy we'll be able to bring to work and focus will shift to the freedom to work in a way that ...

This is How the Future of Work-Life Balance Will Look Like

The Shift: The Future of Work Is Already Here. We are now facing a revolution in the way we work. This is not just about the impact that a low carbon economy will have on the way we work, it is also about how the nexus of technology and globalisation will work together with demographic and societal changes to fundamentally transform much of what we take for granted about work.

lynda gratton investigates: tHe Future oF Work

With the publication of my new book *The Shift: the future of work is already here* - there has been much debate about what it really takes to craft a career that is likely to stand the test of time. In the book I talk a great deal about the five forces that will shape work and careers: ever greater globalization of innovation and talent; the development of ever more sophisticated connective ...

Lynda Gratton - The Future of Work: The Shift

Digitally-enabled independent work is on the rise. The proportion of independent work that is conducted on digital platforms, while only about 15 percent of independent work overall, is growing rapidly, driven by the scale, efficiency, and ease of use for workers and customers that these platforms enable.
