The Globalization Of World Politics

Globalization, as a concept, refers both to the "shrinking" of the world and the increased consciousness of the world as a whole. It is a term used to describe the changes in societies and the world economy that are the result of dramatically increased cross-border trade, investment, and cultural exchange.

Globalization - New World Encyclopedia

Global politics, also known as world politics, names both the discipline that studies the political and economical patterns of the world and the field that is being studied. At the centre of that field are the different processes of political globalization in relation to questions of social power.. The discipline studies the relationships between cities, nation-states, shell-states ...

Global politics - Wikipedia

The worldwide movement toward economic, financial, trade, and communications integration. Globalization implies the opening of local and nationalistic perspectives to a broader outlook of an interconnected and interdependent world with free transfer of capital, goods, and services across national frontiers. However, it does not include unhindered movement of labor and, as suggested by some ...

What is globalization? definition and meaning ...

Cultural globalization refers to the transmission of ideas, meanings, and values around the world in such a way as to extend and intensify social relations. This process is marked by the common consumption of cultures that have been diffused by the Internet, popular culture media, and international travel. This has added to processes of commodity exchange and colonization which have a longer ...

Cultural globalization - Wikipedia

"The homogenizing influences of globalization that are most often condemned by the new nationalists and by cultural romanticists are actually positive; globalization promotes integration and the removal not only of cultural barriers but of many of the negative dimensions of culture.
