I knew the book Think Python by Allen Downey, which contains all the key ingredients to learn to program properly. However, this book was based on the Python programming language. My first draft of the course notes was a melting pot of all kinds of reference works, but the longer I worked on it, the more the content started to resemble the chapters of Think Python.

If you're interested in US criminal justice, Ghettonside is a great book with better-than-fiction LA detective stories interwoven with a serious discussion of criminality, murder clearance rates, and other pressing topics. The New Jim Crow by Michelle Alexander is an interesting read on mass incarceration, while Bryan Stevenson's Just Mercy offers a piercing look at the injustices we sometimes ...

The fortnightly British satirical magazine Private Eye has long had a reputation for using euphemistic and irreverent substitute names and titles for people, groups and organisations and has coined a number of expressions to describe sex, drugs, alcohol and other aspects of human activity. Over the years these names and expressions have become in-jokes, used frequently in the magazine without ...

Rare, medium or done? A Western history of definitions & preferences According to the Oxford English Dictionary, the word "rare," counterbalancing "done" describing the doneness of meat, descends from the word "rear," meaning imperfectly cooked or underdone. The original culinary use described eggs. The earliest print reference to the word "rare" relating to meat cookery is circa 1615.

The Food Timeline: history notes-meat

This is when odd conditions prompt someone to say something utterly crazy-sounding, and someone else (usually the local Deadpan Snarker) comments that "I doubt that's ever been said before" or "Now there's a sentence that doesn't get used much", or similar. Essentially a Stock Phrase, but hard to name as such since it can be formulated in a ton of different ways.
