The Lost Continent Of Mu

Mu (lost continent) The existence of Mu was already being disputed in Le Plongeon's time. Currently scientists dismiss the concept of Mu (and other alleged lost continents such as Lemuria) as physically impossible, arguing that a continent can neither sink nor be destroyed in the short period of time required by this premise.

Forget Atlantis: 'Lost continent' found under Mauritius

The Lost Continent belongs in the same category as films like The Island (1980) and Journey to the Center of the Earth (1959). It's scientifically implausible, childish but fairly inventive in plotting, and surprisingly enjoyable if you allow yourself to be drawn into the story without clinging too stubbornly to reality.
