Half the Sky: Turning Oppression into Opportunity for Women Worldwide is a nonfiction book by husband and wife team Nicholas Kristof and Sheryl WuDunn published by Knopf in September 2009. The book argues that the oppression of women worldwide is "the paramount moral challenge" of the present era, much as the fight against slavery was in the past. The title comes from the pithy statement of ...

The term night sky refers to the sky as seen at night. The term is usually associated with skygazing and astronomy, with reference to views of celestial bodies such as stars, the Moon, and planets that become visible on a clear night after the Sun has set. Natural light sources in a night sky include moonlight, starlight, and airglow, depending on location and timing.
